Traffic

Economic development

The lack of involvement in social services by the community

Vocational Center

Create a positive image for North Tyler to attract more businesses to the area

Homeless and those previously incarcerated going back into the community.

Lack of economic development; limited access to educational options

Lack of Commercial Business

Economic development, affordable, housing, building trades.

As promised years ago...build 1 each side of town....if South build a Chic Fa La..North would build a Chic Fa La.

Economic growth

Job training, skill & trade education, small business loans

Building a cohesive community to interface with others.

Coming together as a community. Cross economic, religious, and social barriers. Declaring LIFE through prayer.

Education for youth

Bringing unity, worship, business opportunities and education to North Tyler

John Tyler and Robert e Lee schools need vans or buses for our Younglife mentoring program. Also would like to set up something for vets and single parents that dont have vehicles. To help them get one

Children, parent child relationships, family unity

not enough places for teens and young adults to hang out

Well being of children.

Empowering families

The lack of availability of fresh foods and the obvious exclusion of this part of Tyler through out the years.

Development

Lack of growth, new housing, restaurants, grocery stores, retail stores,

My main concern is drugs, prostitution, and gangs.

New businesses to provide better jobs for residents of N. Tyler

Affordable housing and business development

Individuals or businesses who owe the Internal Revenue Service.

Higher Ed and a diverse business community

Disadvantage Youth

Business development, housing

... Lack of decent businesses, tourist attractions, entertainment, restaurants, nice parks, etc. It makes absolutely no sense that citizens of North Tyler have to travel all the way to the South side in order to go out to eat, have a decent shopping experience, or visit a nice park.

The rewarding and desiring life of the people in North Tyler is my concern.

Youth mentoring.

That the existing community is not reinvesting in itself.

Economic Development, Affordable Housing, environment and Community safety

economic opportunities for immigrant families, whole family programs that increase capacity for low income groups. increasing knowledge about healthy choices regarding food, lifestyle and mental/spiritual health.

The progression of progressive ideals. Immigration reform, LGBTQ+ rights etc

Development of education for pre-school children and affordable housing

Economic development, including living wage jobs, retail and food availability, and decent housing.

None for now

High risk youth vulnerable to pimp/trafficker recruitment into commercial sexual exploitation

Main is that We need a Community Kitchen....There is a person trying to establish this but needs our help community help.

No real shopping areas

The lack of facilities for or cater to youth development

Growth and development

youth being active

Cmc Test

Eye sore commercial buildings.

Affordable housing

Not sure there is a solution

Work with the city on ideas and solutions

The community being opened to learn about the different services and how they can effectively help

Build programs that will help Northside communities have better lives

Developing a marketing campaign.

Make it clear what resources are available and providing more to get them going.

Greater community involvement. Accessable assistance agencies.

Rebuild old commercial areas

Collaboration of like minded organizations that desire same outcome

Do as promised.

City officials involvement

More internships, volunteer work, loans, grants, job training & placement

many representatives from different groups are forming a company.

Through united worship and prayers dividing walls will begin to crumble.

I would like to see schools advance in what they teach & are able to get scholarships in the end of the highschool career.

Tiny Homes 1677 Sq Ft 2 bedrooms

Increase parent involvement, mentoring, job training for parents, etc. Before CPS has to get involved.

continued sponsored ads in newspaper, TV, radio and perhaps some events scheduled at apartment complexes

Opportunity, literacy, exposure, mentoring

More people showing concern

Through a museum facility

Make plan for health low cost

Make plan for daycare and young comunity i think work w all doctors.

Create community events to promote unity and events to create business opportunities in N Tyler

Possibly having vans or bus donated to transport these Younlife members and also the vets and single parents

Low cost/ free case management, recreation, mentorships

more accessible actives places lazer tag, go cart, etc.,.

More resources for families.

Accessible communication and equipping of families.

I would like to see our city get involved with more projects in the area as well as finding ways to encourage business in this area.

Economic Development

Active push to re-vitalize the area

A program to turn young adults life around such as GED and job training.

Actual concrete plans to do so, proposals,

Education and funding with community support

Partner with the University of Texas @ Tyler School of Business to maintain Low Income Tax Clinic.

Mentorship and Tyler Metro Chamber Strategic Plan

Empowering Youth in Arts and technology

City involvement,

Simply put... Take pride in all areas of this city.

I would like to see my concerns addressed by developing North Tyler with good jobs and businesses that enhance the community.

Workshops to mentor youth with job retention, self-care, skills and leadership.

Neighborhood upkeep, leading to a stronger community. Making the area able to sustain and support neighborhood businesses.

Community input meetings

Develop programs that can engage the whole family that have a tangible product or ongoing projects. using community settings and social groups like churches. Start wellness projects such as gardening, cooking, exercising, preschool play-dates that center around wellness topics. Create community outings like parents in the park

Through education in the community of certain oppression

More local community involvement

Establishment of a new business center on MLK; a focal point mixed-use development.

A discussion panel

For CPS to consider youths' traffickers as family members in order to find grounds for safe placement in specialized aftercare homes. And, TISD to allow trafficking prevention education and high risk mentorship programs by local organizations on campus.

Community Neighborhood Residents should have a voice! In what is happening.

Quit taking everything south

More youth programs

in a meeting forum with leaders in the city and well as fellow business owners

youth getting active

Cmc test

Yes
